

Manufacturer & Product Line List

Techline stocks over \$50 million worth of utility-based inventory in our service centers located across Texas, Arkansas, Kansas, Louisiana, and New Mexico. We carry over 20,000 stock items company wide to make sure we have the right products available to meet your project needs.

We are proud to carry the finest in quality products from the industry's leading manufacturers. We currently distribute the following products: electrical utility, architectural lighting, water distribution, natural gas, CATV/telephone, fiber optic, telecommunications, and lineman & shop tools.

Manufacturer	Products
A. B. Chance Company (HPS)	A. B. Chance Company, a subsidiary of Hubbell Power Systems, manufactures electric utility transmission and distribution products, as well as products for the telecommunication, construction, pipeline and consumer markets. Product line includes poleline hardware, hotline utility tools, protective equipment, switches and switchgear, grounding equipment, and fiberglass products.
Action Threaded Products	Action Threaded Products manufactures a large variety of fasteners and related products from a variety of metals.
Acuity Brands Lighting – American Electric (Dark to Light Photocontrols)	Acuity Brands Lighting and Acuity Brands Technology Services combined are the world's leading providers of lighting fixtures and related products and services and include brands such as Lithonia Lighting®, Holophane®, Peerless®, Mark Architectural Lighting™, Hydrel®, American Electric Lighting®, Gotham®, Carandini®, MetalOptics®, Antique Street Lamps™, RELOC®, Lighting Control and Design™, Sensor Switch®, Synergy® Lighting Controls, SAERIS™, and ROAM.
Advanced Pedestals, Inc	Advanced Pedestals manufactures electrical pedestals, enclosures, and related products.
Akron Foundry	Akron Foundry produces cast aluminum transformer breakaway bases.
Alamo Transformers	Alamo Transformers has been part of the electrical industry since 1982 selling, repairing, and renting dry and oil filled single and three phase transformers from 5KV thru 69KV and up to 15 MVA (larger MVA units are quoted on an individual basis).
Alan Wire Company	Alan Wire products include copper wire and cable, bare, solid, stranded, and annealed.
Alcon	Alcon supplies connectors and secondary aluminum.
Almetek Industries	Almetek Industries, Inc. manufactures a unique marking system designed for electric utility poles and cables. The system offers weather, chemical and abrasion resistant polyethylene tags with warranties against failure. Other products include utility marking materials and signs of standard and special design.
Alumaform	ALUMA-FORM/DIXIE is a principal manufacturer of apitong wood, steel, and aluminum engineered hardware brackets, anchors, and special structures.
Amercable	Amercable is a manufacturer of flexible electrical power and control cables for use in severe operating environments including mining, marine, industrial, and telecom applications.
American Castings & Mfg.	American Castings & Mfg. produces meter seals.
American Polywater	American Polywater produces cable pulling lubes, cleaners, and MRO & construction chemicals.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR – Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Ameron Pole Company	Ameron Pole manufactures a full line of concrete lighting poles and bollards and steel poles for virtually any application including traffic, street lighting, sports and area lighting, and parking lots.
AMP (Tyco International)	The AMP brand, manufactured by Tyco International, encompasses the broadest range of connectors in the world, including high-density, high-speed designs for leading-edge communications equipment, and innovative micro miniature circular plastic connectors that are more cost effective than traditional metal-shell designs
Amprobe	Amprobe produces a full line of Volt, Ohms and Ammeters, testing meters.
Anderson Electric (HPS)	Anderson Electrical Products, Inc. a subsidiary of Hubbell Power Systems, manufactures electrical connectors, clamps, fittings and accessories for substations, transmission and distribution lines. Anderson also offers a wide line of crimping tools.
Armorcast Products Co.	Armorcast offers a wide selection of transformer and telephone pads including pre-formed composite type vaults, URD service boxes, transformer and equipment pads.
Arnco	Arnco provides cable installation systems that include PVC continuous conduit, couplers, pull tapes, chemicals, placing equipment, and tools & accessories.
Astra (The Durham Company)	Astra, part of The Durham Company, manufactures a full line of meter socket, meter enclosures, test switches, pad mounted enclosures, and instrument transformers.
Blackburn (T&B)	Blackburn, provided through Thomas & Betts, manufactures a full line of grounding and service connectors, sleeves, clamps of various types in mechanical and compression, automatic splices, copper grounding material, and tools.
Brooks Manufacturing	Brooks Manufacturing produces wood transmission towers, including treated crossarms, deadends and wooden products.
Brugg	Brugg manufactures power and telecommunication cables and accessories, special cables for industry and security, process control systems for water treatment and energy management, pipe systems for liquids, ropes for aerial ropeways, elevators and cranes, and rope protection systems against natural hazards.
Burndy (HPS)	Burndy is an electrical division of HPS, which is part of the third largest connector manufacturer in the world, and provides reliable connection systems and solutions to the Telecommunications, Data, Industrial, Instrumentation, and Energy Industries.
Bussman	The Cooper Bussman manufactures circuit protection on more than 50,000 SKU's of electrical and electronic fuses, fuse holders, power distribution blocks, as well as engineering, training, and testing services.
Campbell Specialty Products	Campbell Specialty Products produces cable stringing equipment, bundling blocks, and dollies.
Cantex	Cantex manufactures PVC products, including conduit, elbows, and fittings for the electrical, communication, and hardware markets.
Capital Wire & Cable	Capital Wire & Cable manufactures 600VAC building wires and cable.
Carlton T&B	Carlton, the largest business unit, provides fiber optic, copper and coaxial cable protection for plant construction and wiring systems. Customers include regional Bell operating companies, cable television companies, departments of transportation, and the electrical wholesale distributor market.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Hubbell Cable Accessories (Chardon)	Chardon Electrical Components, a division of Hubbell Power Systems, offers cable and underground separable connectors, including loadbreak and deadbreak, splices, terminations, and a wide variety of other underground related products.
Condux	Condux provides cable stringing accessories, pullers and preparation for aerial and underground installations.
Connector Manufacturing Co.	Connector Manufacturing (CMC) manufactures a full line of aluminum and copper connectors, offering both mechanical and compression designs. In addition CMC manufactures underground, secondary transformer material.
CRC Electrical Products	CRC Electrical Products produces chemical cable cleaners and solutions for connections.
Critter Guard	Critter Guard's primary products are the CG Line Guard and CG Pole Guard. Both are designed with the utility company, homeowner, and preservation of wildlife in mind. With the focus of their products being to deter and prevent squirrels, roof rats, and other rodents from gaining access to power stations and homes where they can inflict damage and cause costly power outages.
DiversiTech Corporation	DiversiTech manufactures a suite of products, which includes a wide range of mechanical, electrical, chemical, and structural parts for HVACR systems including polymer transformer pads and underground junction and pull boxes.
Draka	Draka manufactures a comprehensive line of specialty wire and cable products for industrial applications as well as a diverse range of cables for airport lighting, cable-in-duct, power generation, and power utilities. Cable products include copper, specialty control, and multi-conductor type.
Dulmison Incorporated (TYCO International)	Dulmison, a wholly owned company of TYCO International, provides a broad range of products including transmission and distribution insulators, power station and substation insulators, electrical railway insulators, lighting arresters, power fuses and disconnecting switches.
The Durham Company	The Durham Company specializes in the manufacturing of meter sockets, socket/breaker and switch combinations, metering enclosures, test switches, pad mounted enclosures and instrument transformers.
Dynamic Lighting, Inc.	Dynamic Lighting offers decorative cast aluminum light poles, fixtures, and accessories.
Eaton (Cutler Hammer)	Eaton manufactures electrical control products and power distribution equipment. Power distribution equipment includes a complete family of circuit breakers, ranging from miniature breakers rated from 120 volts up to vacuum breakers rated to 38 kilovolts. Eaton also has a line of low and medium voltage assemblies from substations, switchgear and panelboards to loadcenters, transformers and safety switches.
Economy Cable Grips	Economy Cable Grips manufactures various types of cable grips, pulling, and permanent supports.
E. J. Brooks Company (Ekstrom Industries)	E.J. Brooks manufactures a wide range of security seals and locking devices for shippers, transportation companies, utilities, and money handlers. Products include cable seals, meter seals, plastic seals, trucks seals, electric meter socket adapters, and meter blank covers.
Elastimold (T&B)	Elastimold, provided through Thomas & Betts, manufactures loadbreak separable connectors, splices, and cable terminators.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Electromark	Electromark is the leading supplier of tags, signs, and labels for utility markets. Products include utility marking material and signs of standard or special design.
ERICO (Cadweld)	ERICO is a manufacturer of ground rods, secondary connectors, and clamps. Cadweld Products, a division of ERICO, serves large industrial power consumers and original equipment manufacturers with premium quality connection technologies for maximizing operation efficiency. Products include specialty welded connectors and splices.
Estex Mfg. Company	Estex manufactures a full line of industrial grade products for Power Utility Lineman tool bags, buckets, pads, totes, aprons, guards, gloves, covers, pouches, knives, and holsters.
EYE Lighting	EYE Lighting manufactures over 3,000 different lamps, including HID, high-pressure-sodium, mercury-vapor, metal halide, specialty IGNITRON self-igniter, and SUNLUX ACE retrofit (MV/HPS), lighting fixtures, electronics, communication equipment, and ultraviolet and electron beam systems.
Fargo Manufacturing (HPS)	Fargo Manufacturing, a subsidiary of Hubbell Power Systems, produces fittings and accessories for use in the transmission, distribution, substation and telecommunications sectors. Products include distribution connectors, wildlife protectors, automatic splices and deadends, secondary connectors, and clamps.
Farmers Copper	Farmers Copper produces bus, copper tubing or flat type, various alloys available in standard or specialty cuts.
Ferraz Shawmut Inc. (formerly Gould Shawmut)	Ferraz Shawmut is a leading supplier of innovative circuit protection solutions, from industrial and semiconductor fuses to fuse holders and accessories, disconnect switches, and devices for surge protection and thermal management.
Fisher-Pierce	Fisher Pierce is the world leader in outdoor lighting controls and products for electrical power distribution systems. Fisher Pierce manufactures photoelectric controls for commercial/industrial and utility systems.
G & W Electric Company	G&W is a global supplier of distribution and transmission voltage power system products and solutions. Products include switches, SF6 padmount, polemount and vault style, SF6 vacuum interrupters, cable terminations and splices thru 345kV.
GEC Durham Industries	The Durham Company specializes in the manufacturing of meter sockets, socket/breaker and switch combinations, metering enclosures, test switches, pad mounted enclosures and instrument transformers.
General Cable (formerly Alcan Cable)	General Cable is a global leader in the development, design, manufacture, marketing and distribution of copper, aluminum and fiber optic wire and cable products for the energy, industrial, specialty and communications markets around the world.
Georgia Pipe	Georgia Pipe manufactures rigid PVC conduit, elbows, and fittings.
Great Western Metals	Great Western Metals supplies stainless steel, aluminum, and exotic metals in plate, sheet, round bar, flat bar, and angle shapes.
Greenlee/Fairmont (Textron)	Greenlee, a division of Textron, provides a full line of cable installation and contractor's tools, multimeters, network certification instruments, conduit benders, knockout punches, and tool storage systems. Fairmont, a division of Textron, provides a full line of hydraulic tools, power units, and booster and control valves.
Hadco (Genlyte-Thomas)	Hadco manufactures specification grade exterior architectural lighting.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Hapco	Hapco engineers and manufactures high quality aluminum and steel light poles and brackets.
Hastings Fiberglass	Hastings Fiberglass supplies a full line of hotline tools and equipment.
Helical Line Products	Helical has over 40 years experience designing and producing Flexures (formed wire products) for use in products ranging from encoders to spacecraft.
Heritage Plastics	Heritage Plastics is an American company that provides conduit, PCS, and other related products.
H-J Enterprise	H-J Enterprise is one of the largest manufacturers of OEM components for transformers.
Holophane (Accuity Brand)	Holophane offers a complete line of lighting solutions for decorative, area, roadway, and all lighting applications.
Homac	Homac is a manufacturer and supplier of electric power delivery connectors and cable accessories; and is committed to world class performance as demonstrated by continuous improvement in safety, innovation, quality, cost, flexibility, and customer satisfaction.
Howard Industries, Inc.	Howard Industries, Inc. produces a full line of distribution transformers up to 34.5kv and power transformers up to 10mva. Products include single-phase poles, three-phase poles, single-phase pads, three-phase pads, and unit substations.
Howard Lighting	Howard Lighting offers a comprehensive product line of ballasts, fixtures, and lamps.
Hubbell Power Systems (HPS) (Anderson, Chance, Fargo, Chardon, and Ohio Brass)	Hubbell Power Systems (HPS) manufactures a wide variety of transmission, distribution, and telecommunications products including construction and switching products, tools, insulators, arresters, fittings, connectors, cable accessories, test equipment, and instruments. Recognized company names like Anderson, Chance, Hubbell Cable Accessories, Fargo, Hipotronics and Ohio Brass comprise Hubbell Power Systems. HPS companies have been serving utilities for more than 100 years with quality, innovative products.
Hughes Brothers	Hughes Brothers is a leading supplier of materials for overhead transmission and distribution power line construction. Products include complete wood H-Frame assemblies through 345kV, crossarms, bracing, pole line hardware, steel davit arms for wood, concrete and steel poles, fiberglass stand-off brackets and guy strain insulators, and transformer mounting platforms.
Huskie Tools, Inc.	Huskie offers the widest selection of high tech cutting and crimping tools including compression tools, hydraulic and manual, and battery operated.
ICB Insulators	ICB Insulators supplies prime quality tensioning materials including stress-relieved and low relaxation strand to galvanized guy strand.
Ideal	Ideal produces a full line of wire nuts, pulling lube, metering, and fasteners.
ISK Biotech Corporation	ISK Biotech Corporation manufactures wood pole preservation materials and chemicals.
JM Pipe	John Mansville Mfg. provides conduit, PVC, and other related products.
Joslyn Hi-Voltage	Joslyn Hi-Voltage manufactures power transmission and distribution equipment for electric utilities including reclosers, sectionalizers, capacitor switches & controls, transfer switches, distribution automation equipment, disconnect switches, load break interrupter attachments, and load break underground switches. Joslyn also manufactures light fixture lowering device systems for industrial and commercial applications and electric furnace switches for electric arc furnaces primarily used in steel mills.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Joslyn Mfg. (MacLean Power Systems)	Joslyn Manufacturing manufactures and distributes a wide variety of products associated with the construction and maintenance of power utility distribution and transmission lines and telephone and cable television communication systems. Joslyn's core product groups are anchors, arresters, underground cable accessories, fiberglass and metal castings, luminaire supports and pole line hardware.
Kaddas Enterprises, Inc.	Kaddas offers outage and wildlife protection products.
Kim Lighting	Kim Lighting manufactures lighting fixtures, luminaires, and specialty lighting.
Knopp, Inc.	Knopp manufactures instrument testers.
Lapp Insulator Co.	Lapp Insulator is the leader in the design and production of quality high voltage insulators including porcelain and various other types.
Liftall	Liftall manufactures nylon slings and tie downs.
Mac Products, Inc.	Mac Products manufactures electrical transmission and distribution equipment for use in underground applications. Products range from catalog items such as lugs, connectors, potheads, splice kits and accessories.
Magnum Custom Trailers	Magnum Custom Trailers manufactures trailers in various types, including custom made.
Majorpower	Majorpower Corporation is focused on the design and manufacture of high reliability feature rich power conversion products for DC to AC, AC to DC, and battery charging applications. Their products are used in critical applications in industries such as Utility, Industrial, Commercial, Transportation, and Telecommunications.
Meyer Poles (Thomas & Betts)	Meyer Steel Structures, a division of Thomas & Betts, manufactures a comprehensive array of tubular steel structures for cross-country transmission and distribution, substation, lighting, communication, or wind turbine applications.
Midsun	Midsun provides products and services to prevent inadvertent outages from contamination, pollution, animals, birds, tree limbs and other environmental hazards. Products include pole line hardware and anchors for transmission and distribution line construction, connectors for substation construction, nomenclature, tags and miscellaneous marking products.
MP Husky	MP Husky manufactures a wide range of cable tray systems. Materials offered are aluminum, fiberglass, mill-galvanized steel, stainless steel and PVC-coated trays in three different designs.
National Strand Products	National Strand Products manufactures galvanized steel strand.
Nehring Electrical Works	Nehring Electrical Works manufactures bare and insulated copper and aluminum wire, ACSR, aluminum-clad steel, copper-clad steel, building wire, underground power cables, welding cables, ground rods, and medium voltage cables to the utility, telecommunication, and electrical distribution markets.
Nordic Fiberglass, Inc.	Nordic Fiberglass manufactures fiberglass transformer pads and above ground pedestals and cabinets.
Ohio Brass Company (HPS)	The Ohio Brass Company, a subsidiary of Hubbell Power Systems, manufactures insulators for transmission and distribution, intermediate and station class arresters.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Osмосe	Osмосe is a leader in the research and development of new products and services in all areas of wood preservation technology; as well as Utility and Railroad asset management.
Petroflex (PNA)	Petroflex (PNA) manufactures high density polyethylene conduit, secondary electrical pedestals, composite crossarms, insulators, and accessories to the telecommunications, electrical utility, CATV, and data voice industries.
Preformed Line Products	Preformed Line Products (PLP) is a worldwide designer, manufacturer, and supplier of high quality cable anchoring and control hardware and systems, fiber optic and copper splice closures, and high-speed cross-connect devices.
Prysmian Cable and Systems	Prysmian Cable and Systems, previously Pirelli Cables & Systems, produces electrical cables - from extremely high to low voltage, for land, submarine and overhead applications - along with a vast range of accessories, and is the leader in turn-key projects of underwater links. Cable products include power, primary, secondary classes, overhead and underground, copper and aluminum, and fiber optic cable.
Porcelain Products Co.	Porcelain Products is the nation's second largest manufacturer of porcelain insulators and related components.
Preformed Line Products	PLP is a leading supplier of high quality cable anchoring and control hardware and systems, overhead and underground splice cases and related products, and high speed cross-connect devices.
Quazite Composites	Quazite Composites, a division of Strongwell, manufactures polymer transformer pads, underground junction and pull boxes.
RACO, Inc.	RACO manufactures Rayseal sealing compound.
Rainbow Technology	Rainbow Technology manufactures specialty chemicals, a large assortment of cleaners, lubricants, insecticides, paints and personal protection items.
Rapid Air Shelter	Rapid Air Shelter offers a portable climate-controlled emergency shelter, in a variety of sizes and options, that is simple to set up and tear down.
Reliaguard, Inc.	Reliaguard, Inc., a subsidiary of Cantega Technologies Inc., is dedicated to preventing contacts and resulting power outages on distribution lines by designing superior bird and animal cover-up. Identifying bird and animal species that are present and the risks caused by their proximity from phase to ground, or from phase to phase must be considered when making coverage recommendations.
Relite, Inc.	Relite manufactures universal handhole covers for poles.
Ripley Tools	Ripley Tools manufactures cable stripping and preparation tools.
Ritz Instrument Transformers, Inc.	Ritz Instrument Transformers offers one of the most complete line instrument transformers in the world with units available from 600V to 765kV.
S & C Electric	S&C Electric manufactures a wide range of switching and protection equipment for substations and overhead and underground distribution systems, distribution automation products, power quality products, epoxy components, sensors, and electronic controls.
SALCO	SALCO produces mast arms and brackets, aluminum and galvanized steel.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Shakespeare Composite Structures	Shakespeare is a world leader in fiberglass reinforced composites design, engineering, and manufacturing, and the originator of the composite light pole. Products include fiberglass poles, Lewtex fiberglass crossarms and deadends.
Sherman & Reilly, Inc.	Sherman & Reilly manufactures cable stringing equipment, cable blocks, and dollies.
Sun Valley Lighting	Sun Valley Lighting produces a full line of decorative poles and lighting solutions.
Tamaqua Cable Products	Tamaqua manufactures a comprehensive line of specialty wire and cable products for industrial applications as well as diverse range of cables for airport lighting, cable-in-duct, power generation, and power utilities. Cable products include copper, specialty control, and multi-conductor type.
Tana Mfg. Company	Tana Mfg. Company produces wire markers, including a ball type to mark power, communication, and guy wires for visual safety.
Techlight	Techlight manufactures a wide assortment of luminaries to accommodate a wide array of lighting requirements; including custom designs.
Thomas & Betts (Blackburn, Elastimold, Homac, Carlon)	Thomas & Betts provides a comprehensive product line including various types of lighting, grounding and service connectors, compression connectors and tools, identification products, cable fastening systems, terminals, disconnects, and splices.
Thor Enterprises	Thor Enterprises, a division of Empire Level Mfg., produces tape for underground warning, standard and detectable.
Tipper Tie, Inc.	Tipper Tie manufactures products that include clippers, aluminum clips, aluminum wire products, electric fence supplies and netting.
Travis Pattern	Travis Pattern and Foundry supports the power transmission industry and Travis Switchgear manufactures disconnect switches of many types and sizes.
Trinetics (Maysteel)	Trinetics, a division of Maysteel, manufactures power distribution enclosures, capacitor banks, oil and vacuum switches, and lighting control relays.
Turner Electric Corp.	Turner Electric produces a full line of switches.
Tyco International (AMP, Dulmison)	Tyco Electronics is a division of Tyco International and a global manufacturer of products and systems for the electrical power industry. Products include cable accessories, connectors and fittings, power measurements and control, switching, protection, lighting, and surge arrestors.
U.S. Architectural Lighting	U.S. Architectural Lighting manufactures contemporary outdoor lighting.
USCO HPS	USCO's product line covers a voltage range from 7.5 to 500kV and a current range from 600 to 6000A. This broad offering includes numerous innovations and cover types and ratings designed especially for applications in substations, transmission lines, and power distribution systems.
Utilco	Utilco manufactures proven-effective electrical connectors for pedestals, transformers, and metering.
Valmont A.L.S.	Valmont manufactures poles, steel streetlight, strain and traffic signal, mast arms, transformer breakaway bases, and foundations.

Amarillo - Austin - Brenham - Fort Worth - Franklin - Giddings - Huntsville - Jacksonville - Mart - Montgomery - Navasota - Odessa - Red Rock - San Antonio - Van Alstyne, TX
 Little Rock, AR - Anthony, KS - Alexandria, LA - Clayton, NM

Manufacturer & Product Line List

Manufacturer	Products
Venture Lighting	Venture Lighting designs and manufactures metal halide lamps in a wide range of wattages and variety of bases and outer jackets.
Victor Insulators	Victor Insulators manufacturers a full line of quality high voltage insulators and offer both a domestic and import product.
Wall Industries	Wall produces a full line of 3 strand, 8 strand, and 12 strand ropes, and patented Uniline product, for a wide range of applications.
3M Electrical Products Division	3M Electrical products division offers reliable splicing and terminating electrical cables, tapes, rubber type products, and connectors. 3M was the first to deliver cold shrink delivery systems and silicone rubber materials technology to the utility industry.
3M Telecom Systems Group	3M Telecom offers Dynatel underground cable and cable/fault locators.
